Five Man Electrical Band

Intro: **G G# A A D A E D A**

D **A**
Well, I sat down in front of my TV set, and some man said this is what you get
E **A**
For a dollar a week and a dollar down, you can drive this car anywhere in this town
D
You can take it on the highway, and check the tires
A
Leave it in the driveway and check out the wires
B **E**
If that ain't just what your heart desires, I'll tell you what I'm gonna do

Chorus:

A **D**
Take it on a 10-day trial, and if you don't like what you see,
E **A**
Just bring it on back in a while, and get your money back, guaranteed (oh, yeah yeah)

<guitar solo over chords: **D A E D A**>

Oh, I took me for a walk and I heard some racket, and here was some dude, he was peddlin' a gadget
He said, My new invention will do your chores, take out your garbage and wax your floors
Just plug it in the wall, it's completely automatic, hang it in the hall or you can hide it in the attic
I don't want no friction, I don't need no static, so tell you what I'm gonna do

<Chorus>

<guitar solo over chords: **D A E D A**> **B-C-C#**

<piano solo over chords: **D A E D A**> **B-C-C#**

It's hard to believe this is my love song, I only hope I didn't take too long
But this here's the point I've been workin' up to, too fine mama I do love you
And if you open up your heart, I think you'll find, I'll treat you good and I'll treat you kind
But if lovin' me ain't what you had in mind, I'll tell you what I'm gonna do

Take it on a 10-day trial, and if you don't like what you see, you just bring it on back in a while

And if you don't like what you see, well you can bring it on back in a while

And get your money back guaranteed
